## HOW TO FINGER KNIT

### You will need:

A ball of wool

### Technique

1. Tie a slip knot near the end of the yarn and slip it onto your index finger.
2. Hold the loose end of yarn with your other three fingers.
3. Wrap the yarn over your finger to form a second loop in front of the first.  
Pull the first loop over the second and off your finger.  
Tug the ends of the yarn to tighten the stitch.  
Repeat these steps to form the cord.
